PROOF OF CONTRACTOR CERTIFICATION

In order to keep accurate records of the companies installing, testing and maintaining fire alarm systems in our District, we require all contractors to provide the qualifications of your service personnel and/or installers. We will keep these records for a period of 3 years, at which time we will ask for new qualifications.

Qualifications:

According to NFPA 72 Section 10.5.2 - System Installer - Fire alarm system and emergency communications systems installation personnel shall be qualified or shall be supervised by persons who are qualified in the installation, inspection and testing of the systems.

10.5.2.2. State or local licensure regulations shall be followed to determine qualified personnel. Depending on state or local licensure regulations, qualified personnel shall include, but not be limited to, one or more of the following:

1. Personnel who are registered, licensed, or certified by a state or local authority
2. Personnel who are certified by a nationally recognized certification organization acceptable to the authority having jurisdiction
3. Personnel who are factory trained and certified for fire alarm system installation and emergency communications system installation of the specific type and brand of system and who are acceptable to the authority having jurisdiction

According to NFPA 72 Section 10.5.3 - Service personnel shall be qualified and experienced in the inspection, testing and maintenance of systems addressed with the scope of this Code. Qualified personnel shall include, but not limited to, one or more of the following:

1. Personnel who are factory trained and certified for the specific type of brand of system being serviced
2. Personnel who are certified by a nationally recognized certification organization acceptable to the authority having jurisdiction
3. Personnel who are registered, licensed or certified by a state or local authority to perform service on systems addressed within the scope of this Code
4. Personnel who are employed and qualified by an organization listed by a nationally recognized testing laboratory for the servicing of systems within the scope of this code
